

Profession

For decades, our attorneys have been prominent in the organizations shaping the legal profession. We serve as representatives to the Virginia State Bar Council and as members of disciplinary committees. We provide leadership within the local bar associations and advocate before legislatures on issues important to the practice of law and the impact on our community.

We are educators, providing adjunct instruction in law schools and giving a real world practice perspective to aspiring students. And we are constantly engaged in programs designed to raise the professional standards of our practices, such as the American Inns of Court. We are known within the legal community for our dedication to exceptional standards of professionalism and our contributions to improving the quality of legal services available to all.
