Markus is the Bean, Kinney & Korman's Records Specialist. He has been in the Records and Information Management (RIM) field for 19 years, with a combination of experience in both the private and Federal government sectors. He obtained the Federal Records Management certification issued by the National Archives and Records Administration and is a candidate for the Certified Records Manager (CRM) designation issued by the Institute of Certified Records Managers. Working with Bean, Kinney & Korman staff, he ensures that the firm's records are properly identified, maintained and tracked over the course of their life cycle. Additionally, he also assists firm management with the effort to transition to electronic records.
